AS THE WEEK BEGINS.

(By Associated Press.)

The British troops in Macedonia seemingly have started an operation against the Teutonic allies which may develop westward along the battle front and eventually confront with the successful drive which is being carried out by the French and Italians in Albania. West of the town of Foinan which lies on the railroad north of Saloniki, the British have delivered a blow against the Bulgarians which was productive of good results.

Details of the operations are lacking but it is not unreasonable to assume that it had in view the ultimate capture of the railroad line running northward from Uakub and the outflanking of the enemy lines north-east of Monastir.

Meanwhile in Albania, the French and Italians are giving the enemy no rest, pressing him back daily, mile after mile over the trackless country and capturing strategic positions and villages.

The latest official communication shows that the French troops have taken the village of Narta and Gramshi which brings their eastern flank appreciably nearer Lake Ochrida.

Bad weather conditions continue to prevail on the greater portion of the battle front in France and Flanders and the military operations are still far below normal. Nowhere have there been any engagements ranking in importance above trench raids and patrol encounters.

On several sectors, however, big guns are constantly hammering away at opposing positions, particularly on the American front along the Marne, where the activity of the long range pieces has increased perceptibly; on the sectors held by the British, near Albert, Kemmel Hill and Ypres and near Corcy where the French face the enemy.

As yet there is no indication that the date for the commencement of the expected grand offensive by the Germans—the battle which it is thought will prove the greatest effort the enemy has yet made—is at hand. The military observers, however, still incline to the belief that with a cessation of the rains, the drifting away of the low lying clouds and a return of clear skies, an attempt at a big drive or the piercing of the allies front will be made.

All apparently is in readiness in the entente camps for any eventualities and supreme confidence evidently prevails among the commanders that the men and guns the enemy will have to face will prove an insurmountable barrier to Paris or the channel ports.

The list of the two hundred colored selectives will be made up this afternoon from the 250 class one men summoned. They will be given special honors Wednesday night at the Tabernacle.

IN HONOR OF VISITORS.

Mr. and Mrs. Will Forbes gave a delightful picnic supper out at the Golf Links last Thursday evening for Mr. and Mrs. Horace Wilkins, of Houston, Texas, who are the guests of Mrs. Wilkins—parents, Mr. and Mrs. Henry D. Wallace. The following couples enjoyed their hospitality: Mr. and Mrs. Horace Wilkins, Mr. and Mrs. Oscar Bass, Mr. and Mrs. Eric G. Peterson, Mr. Jno. P. Thomas and Miss Bessie Wallace. Mr. L. Aubrey Tugley and Miss Annie Forbes.

FIELDS-BIVINS.

William G. Fields, a farmer of the Antioch Church neighborhood on the Kirkmansville road, and Miss Della Bivins, a young lady of the same community, were married yesterday at the courthouse by Judge Champlin.

NEW BATTLE IS RAGING AMERICANS TAKE 1,500 PRISONERS

SAMMIES IN THE THICK OF THE BATTLE

(By Associated Press.)

With the American Army on the Marne, July 15.—A strong American counter attack south of the river bend completely upset the Germans, who broke in retreat. The American troops drove the enemy back all the way to the railway skirting the Marne in the region southwest of Jaulgonne. This position is being held. Many prisoners were taken. They include one major, two captains, and four hundred men so far have been counted. The French general in command of the group of armies in this sector sent a congratulatory message this afternoon to the American general commanding the forces which beat back the enemy.

FOLLOWING THE FLAG

SOLDIER BOYS.

Mrs. Hey West, of Crofton, has received the following letter written on shipboard by her husband, whose safe arrival in France has just been reported to her:

Dear Wife:—How are you? I'm fine and dandy. I'm on the ship ready to start across. You will hear from me as soon as I get across. Don't worry. I will be back all o. k. and it won't be long. I would like to see you before I go but can't, so may God be with you, until we meet again. Tell everybody goodbye for me and kiss mama too. I know she will almost die. Cheer her all you can, for it isn't as bad as you think. Can't think of anything else so I will close. Be a good sweet girl until I come home. ILEY WEST.

Dr. W. W. Durham, of the Western State Hospital, has received orders to report July 20 to Camp Pike at Little Rock, Ark., for service in the medical reserve corps. Dr. Durham volunteered some months ago and has been awaiting his orders to report. Private Jewell Wilson, of Camp Beauregard, Louisiana, is at home for a few days on account of the accidental death of his brother in Muhlenburg county a few days ago. He will return to camp Thursday.

Dr. M. G. Buckner, pastor of the First Christian Church at Owensboro, for ten years, has asked his congregation to relieve him of his pastoral duties in order that he may devote his whole time to war work.

Turner Cline, son of G. D. Cline, of Macedonia, left Saturday for Great Lakes, Ill., to enter into training for the U. S. Navy.

INVASION OF RUSSIA WELL UNDER WAY

AMERICAN MARINES ARE LAND-
ED TO CO-OPERATE WITH
THE BRITISH TROOPS.

(By Associated Press.)

Washington, July 15.—Although overshadowed by tremendous developments on the Western front in presenting new phases daily. At no less than three widely separated points has opposition to the Soviet government greatly strengthened the allied position, thus heavily taxing the inadequate Bolshevik military machines. On the shores of the Arctic and White seas small international entente forces, which have been holding railroad terminals at Kola and Murmansk are understood to be advancing southward toward Vologda, after receiving reinforcements which included American marines and sailors. It is not known if Americans are participating in the advance. It is doubted if they would do so in the absence of special instructions, unless as a matter of defense.

The Swedish advances indicate surprising changes at home among the Finns toward their German controlled government, making it impossible for them to raise volunteer troops to attack the entente forces.

INTERVENTION ACTUAL FACT.

(By Associated Press.)

London, July 15.—American and British troops have occupied the whole of the Murman coast in northern Russia, according to a Moscow dispatch.

After capturing Kem, a railroad station on the White Sea coast, the dispatch adds, the American and British forces advanced toward Torok.

The Russian Bolshevik authorities have withdrawn to Nirok.

The commander of the entente allied forces have issued an appeal to the population of the Murman coast requesting their help against Germany and Finland.

They have declared that the coast is Russian territory and under the protection of the entente.

AMERICANS BEAT BACK HUNS AT THE RIVER MARNE TAKING HUNDREDS OF PRISONERS

LATEST.

(By Associated Press.)

Washington, July 15.—The expected renewal of the German offensive in France has begun. A fierce battle is in progress on both sides of the famous cathedral city of Rheims. West of Rheims the Germans with the pressure of great forces preceded by a veritable hail of high explosives crossed the Marne at several places. East of the city they have been held for the smallest gains by desperately resisting defenders. Altogether the whole battle line aggregated sixty-five miles. The American troops fighting valiantly, have met with notable success. At Vaux they have not only held the enemy but drove him back several hundred yards (returning to their trenches only when the German passage of the river Marne southeast of Chateau Thierry made their retention strategically important. Along the Marne between the Fossoy river Sur Melin the Germans crossed the Marne but were forced back by vicious American counter blows. At other points the Americans used machine guns with the greatest effect against the Germans while crossing streams. The German strategic scheme has not yet been unfolded but it seems evident the first object is outflanking Rheims forcing the city's evacuation, then gaining of the southern bank of the Marne straightening the line toward Verdun may also be an object. While the Germans were beginning the drives the British were attaining considerable gains further north. Italians have continued to make gains in Albania, while the entente forces have gained control of the Murman coast in northern Russia.

HISTORIC BIBLE

ONE OF THE SCHOOL BIBLES OF
MAJ. J. O. FERRELL NOW
AT RIVERSIDE CEMETERY
CHAPEL.

The Bible used in the Chapel at Riverside Cemetery is the same Bible said to have been used in the Ferrell High School in this city up to the time it closed in February 1903. It was given by Mrs. Ferrell with other books to the Public Library and was found there by Mrs. V. L. Gates, of the committee to furnish the chapel who secured it for the cemetery. Mrs. J. P. Thomas put a beautiful cover on the historic Bible that is a work of art and it now occupies a place on the pulpit of the chapel.

It was the custom of Maj. J. O. Ferrell to read a chapter from the Bible every morning and open his school with prayer.

The Bible used for this purpose was a small one that he could hold in his hand.

It is a singular coincidence that Maj. Ferrell's lot adjoins the chapel and his grave is not ten yards from the chapel building.

JOLLY FOR JOHN.

Hon. John Chilton, warden of the Eddyville penitentiary, is proving himself to be one of the best the state has ever had. The State realized \$13,000 profit from the farms which have been rented, worked and managed by Warden Chilton. The day will soon come when there will be no contract work in the penitentiaries, and that all of the prisoners except the most vicious ones, will be used on prison farms, which will be a great benefit to them and a profit to the state. The day is coming when wardens such as Mr. Chilton, at these times, will only have a few prisoners compared to what they have had in the past.—Mayfield Messenger

BONDS FOR THE FOURTH.

Bonds of the Fourth Liberty Loan are now being turned out by the thousands daily by the Treasury's Bureau of Engraving and Printing. The bonds are similar in form and design to those of the third loan, and space has been left on each bond for insertion of the exact terms of the bonds.

It is believed that a sufficient number of the bonds will be ready to make possible immediate delivery of all bonds of the fourth loan as they are purchased.

CIVIL SERVICE EXAMINATION.

The U. S. Civil Service Commission announces an open competitive examination for railroad mail clerk, for men only, on August 16, at Hopkinsville. Entrance salary \$1,100 a year. Further information can be obtained by calling on Elbert Turner, Hopkinsville Postoffice.

East of the city they have been held for the smallest gains by desperately resisting defenders. Altogether the whole battle line aggregated sixty-five miles. The American troops fighting valiantly, have met with notable success. At Vaux they have not only held the enemy but drove him back several hundred yards (returning to their trenches only when the German passage of the river Marne southeast of Chateau Thierry made their retention strategically important. Along the Marne between the Fossoy river Sur Melin the Germans crossed the Marne but were forced back by vicious American counter blows. At other points the Americans used machine guns with the greatest effect against the Germans while crossing streams. The German strategic scheme has not yet been unfolded but it seems evident the first object is outflanking Rheims forcing the city's evacuation, then gaining of the southern bank of the Marne straightening the line toward Verdun may also be an object. While the Germans were beginning the drives the British were attaining considerable gains further north. Italians have continued to make gains in Albania, while the entente forces have gained control of the Murman coast in northern Russia.

Washington, July 15.—The expected renewal of the German offensive in France has begun. A fierce battle is in progress on both sides of the famous cathedral city of Rheims. West of Rheims the Germans with the pressure of great forces preceded by a veritable hail of high explosives crossed the Marne at several places. East of the city they have been held for the smallest gains by desperately resisting defenders. Altogether the whole battle line aggregated sixty-five miles. The American troops fighting valiantly, have met with notable success. At Vaux they have not only held the enemy but drove him back several hundred yards (returning to their trenches
